

February 12, 2010

Dear Applicant:

As director of Dry Gulch USA, I want to thank you for your interest in serving as a staff member for our upcoming summer camp 2010!

Our staff members – both paid and volunteer - are the foundation of the camp. Staff members should consider their service as a mission opportunity, not just a summer job. It is an opportunity to touch kids' lives and, at the same time, experience change in your own life.

What are we looking for in a prospective staff member? A genuine love for children and a servant's heart; creativity, flexibility, and lots of patience; a team player – one who works well with other team members and those in authority. We're looking for those who can pace themselves to maintain an enthusiastic and positive attitude as well as physical strength. Though it is a lot of fun, serving at camp is no vacation. It's rewarding work yet also taxing. It may be your 12th session of camp, but it is the first and only session of camp for the children, and every guest deserves our very best.

Most importantly, we expect you to be a deeply committed follower of Jesus Christ. Our campers and their parents are looking for role models who provide a solid Christian example. We expect our staff members to live out their faith 24/7 in both word and action and be positive influences on both guests and other team members.

In return for your hard work, you will be rewarded beyond belief by the difference that you will make in the lives of campers this summer. Camp may be the only place that will make a difference in some of these children's lives. You may be their single opportunity to experience the love of Jesus. There is no greater reward than for you to know that you played a part in helping our campers grow in their relationship with Jesus Christ.

If, after prayerful consideration, you believe you are both able and willing to meet these expectations and are excited about this opportunity to serve, we would welcome your application. Thank you for your consideration and support of Dry Gulch USA!

In His service,

Pastor Kirby Andersen
Director, Dry Gulch USA
